SUBJECT: MACEDONIA SUPPORTS USG POSITION ON IRAN'S NUCLEAR
PROGRAM

REF: STATE 162558

Classified By: P/E CHIEF SHUBLER, REASONS 1.4(B) & (D).

(C) The Ambassador delivered reftel points and non-papers to FM Milososki on December 4, emphasizing the importance of maintaining diplomatic pressure on Iran to halt its uranium enrichment program and related activities. Milososki agreed. He said that Iran had had a chance, working with the IAEA, EU and others, to demonstrate its peaceful intent. It had failed to do so, however. As a result, it would be important for the international community to exert "more concrete and visible pressure" on the government in Tehran.
